Golden Triangle Creative District Business Networking is every 2nd Friday of the month from 7:30am-830am at a local business in the Golden Triangle. We look forward to meeting you and learning how we can better support your business.

Network

A lot of us don't know each other and it's an opportunity for us to change that.

Collaborate

There are strength in numbers and working together, but we first have to get to know each other.

Grow

This comes with working together. There's plenty of business for everyone and with all the neighborhood growth there will be even more opportunities.

SEE YOU ON JANUARY 20TH 2022!
